ROOSEVELT'S TRIBUTE TO JOHNSON

Declares California's Governor
Has Given State Just
What Nation Needs

DENIED OTHERS' CLAIMS TO RECLAMATION ACT

Also Pure Food Act; Col. Said
He Put Them Through; Hired
Special Train to 'Frisco

RENO, Sept. 14.—An eulogy of Governor Hiram Johnson was the substance of Colonel Roosevelt's speech here today. He declared that Governor Johnson's California record is a "statement of what the Progressives desire to do in the nation."

Twenty-five Californians headed by Francis J. Heney met Colonel Roosevelt. They started for San Francisco where Roosevelt speaks tonight.

In his speech here Colonel Roosevelt attacked those whom he claims are wrongly claiming credit for the irrigation and pure food laws. He said:

"When I became president, I found much sentiment within and without Congress for the Reclamation Act and the Pure Food law. There was little chance of getting either until I, as president, took hold of the matter. There had been valiant work done for both, but there was no chance for them until I made them administration measures. I had lived in this country over here, and know its needs. It was about time the country had a president who knew the difference between a dry farm and an irrigation ditch and to whom the word alfalfa did not have a mystical sound. I am proudest of the reclamation measure of any of my measures enacted by the administration."

Due in San Francisco at 9:30—SAN FRANCISCO, Sept. 14.—Colonel Roosevelt's special will not arrive until 8:30 tonight, because of a change in the Southern Pacific schedule. He will go immediately to the Coliseum where he speaks on his arrival.

MIKADO SLEEPS ON CREST OF HILL

Borne to Top of Momoyama by
50 Villagers—Lies Near
1000-Year-Old Tomb

THOUSANDS WITNESSED BURIAL OF LATE MIKADO

Perfect Silence Reigned in the
Great Crowd of Mourners—
Prayer Ended Ceremonies

KIOTO, Japan, Sept. 14.—Arriving by special train from Tokyo where public funeral services in his honor were concluded early today the body of the late Emperor Mutsuhito of Japan reached here this evening for interment on Momoyama Hill, in this, the ancient capital of Nippon.

With a strong body of the Imperial Guard waiting to receive it the royal funeral train reached Kioto at 6 p. m. and with no delay at the depot the burial cortege was immediately formed. Thousands accompanied the coffin to its last resting place and hundreds of thousands of the emperor's late subjects lined the dusky avenues in dead silence as the cortege passed.

The ancient custom of four specially chosen oxen drawing the casket of the dead ruler, which was observed in Tokyo at the public funeral ceremonies, was dispensed with here and instead fifty Hase villagers bore the body on their shoulders during the march of nearly an hour to its last resting place on Momoyama.

It was almost 7 o'clock when the cortege reached Momoyama Hill on the crest of which, and only half a mile from the thousand year old tomb of the Emperor Kwammu, Mutsuhito rests.

Arrived at the tomb no time was lost while Prince and Princess Kanin, representatives of Emperor Yoshihito, and Princess Higashifushimi, who represented the Empress Dowager, took their stands near by the Shinto priests began the ceremony of burial in perfect silence every one of the thousands of spectators who stretched far out into the night refraining from a single word.

On the conclusion of the Shinto ceremony the representatives of the royal family offered prayer by the casket, the tomb was closed and with only a picked guard of some hundred men remaining by the vault the great gathering dispersed quietly and the body of the Emperor Mutsuhito was left to his eternal sleep.

BATTLE RAGING SOUTHWARD OF BORDER

Exhausted Courier Reaches
Agua Prieta Asking For Aid;
Reinforcements Sent

NOT KNOWN WHAT FORCES ARE ENGAGED IN BATTLE

Believed Rojas Has Intercepted
Federals Hastening to Re-
lief of El Tigre

DOUGLAS, Ariz., Sept. 14.—An exhausted courier arriving at Agua Prieta brought the news of a desperate battle in progress fifteen miles south of the border where three hundred Federals were in danger of being overwhelmed by a superior number of rebels. They prayed for reinforcements. Five hundred men with four rapid fire guns were immediately dispatched to their aid.

DOUGLAS, Ariz., Sept. 14.—It is not known here what command is engaged in a battle reported to the south, but it is believed to be that of the Rebel General Rojas, who started southward to join General Salazar before El Tigre. The Federals engaged are believed to be the garrisons of other Sonora posts who are en route to relieve the besieged El Tigre garrison. According to a courier, who started for Agua Prieta at the outset of the battle, the Federals are hard pressed. He was unable to give further details.

NEWS OBSCURE AS TO STATE OF CONFLICT AT EL TIGRE

DOUGLAS, Ariz., Sept. 14.—Communication with the El Tigre district, restored for a brief interval this morning, stated that Gen. Salazar's rebels, following a repulse yesterday, were encamped near the city. It is believed they will renew the attack before night. Federal reinforcements marching from Ysobel have not arrived. It is feared Gen. Salazar will attempt to intercept them.

Later El Tigre Report

Long range fighting between the rebels and the federal garrison at El Tigre was resumed a daybreak. Gen. Rojas, commanding the rebels who withdrew yesterday from Agua Prieta after threatening an attack, encamped at Colonia Morelos last night. He started southward this morning apparently to join Salazar outside El Tigre.

Gen. Garjines refused to state whether or not he will divide his command and go to the relief of El Tigre. It is believed he is awaiting orders from President Madero. The impression prevails that Gen. Rojas' disappearance may be a ruse to draw the federals to the aid of El Tigre and thus permit him to return and occupy Agua Prieta. Little business here, after they had been met by Gen. Rojas and robbed of their horses and provisions. They were given burros to escape with to the line. It is reported they will be brought here to be tried on the charge of violating the neutrality law. The reports that O'Reilly led three hundred men were unfounded. The four men comprised the "expedition."

DOUGLAS, Sept. 14.—General E. Rojas and robbed of their horses and provisions. They were given burros to escape with to the line. It is reported they will be brought here to be tried on the charge of violating the neutrality law. The reports that O'Reilly led three hundred men were unfounded. The four men comprised the "expedition."

Ostracized in death as in life because of her marriage to a negro, only two white persons attended Mrs. Johnson's funeral. These were her mother and sister. A negro parson, Rev. Robinson, presided. Even negro pall bearers carried the casket. Seven thousand negroes attended, a majority remaining outside the church. Fifty automobile loads of negroes formed the funeral cortege.

FILIBUSTERING TACTICS BY REGULARS FAIL IN REPUBLICAN CONVENTION

Progressives Control Organization by
Large Vote and Carry Through Pro-
gram Adopted at Caucus

The Republican convention was called to order at 2:15 in the Opera House by R. Y. Williams, chairman of the county central committee. Secretary Elm read the call and then Mr. Williams called for nominations for temporary chairman.

S. M. Davis nominated Lew H. Wallace of Newport Beach, choice of the Progressive caucus this morning. The Taft delegates immediately "started something." C. E. Bowles of Anaheim nominated S. J. Jackson of Santa Ana. The object of this move, of course, was a hope that the Progressives had not agreed among themselves and that confusion might be created. The move was a failure, however, Wallace being chosen by a vote of 128 to 50 after the chair had refused to allow Jackson to withdraw his name.

W. H. Thomas of Santa Ana was elected secretary of the convention without opposition, one ballot being cast for him by the acting secretary.

A motion was then made that each delegate present be assessed \$1 for expenses, the usual proceeding in conventions. The Taft men again tried to start trouble by announcing that they would not pay this assessment. There was an endeavor to start a wrangle, but the matter was passed and on motion the chairman appointed committees of five on credentials, permanent organization and order of business, and resolutions. A recess of 25 minutes was then taken.

The committees were as follows: Credentials—S. S. Finley, E. C. Spencer, W. R. Collins, H. A. Wassum, G. W. Stevens.

Permanent Organization and Order of Business—S. J. Jackson, J. W. Velasco, R. F. Hazard, C. A. Giles, Arthur McFadden.

Resolutions—S. M. Cradick, R. D. Richards, S. M. Davis, E. E. Keech, L. E. Smith.

DRAFT OF PLATFORM TO BE PRESENTED

As the Register goes to press the resolutions committee has agreed on the following draft of a platform, which has been accepted by four members of the committee, Mr. Richards dissenting.

Whereas, The Republican electors of California have twice voted at primary elections provided for by the law of the state, on the question of national candidates and national policies; once before and once after the party split in Chicago, which resulted in the organization of the National Progressive party; and

Whereas, At both of said Republican primary elections the decision was the same by overwhelming majorities—at the first election, before the split at Chicago, declaring for the nomination of Theodore Roosevelt by a popular majority of over 7,000, and at the second election, after the split at Chicago, repudiating the stolen nomination of the Republican national convention by a vote of 9 to 1, carrying 107 out of 120 legislative districts in favor of Roosevelt and Johnson; and

Whereas, Results to the same effect have been obtained by overwhelming majorities in nearly all the states in the Union having large Republican majorities and large electoral votes; and

DEMOCRATS GATHERED IN OLD ARMORY HALL

The Democratic convention was called to order in old Armory Hall by County Chairman W. L. Duggan. Homer G. Ames of Anaheim was chosen temporary chairman and C. D. Overshiner of Santa Ana temporary secretary. After the appointment of committees on credentials, order of business and resolutions, a recess was taken to allow the committees to work.

delegates opposed the plan on the plea that it was a scheme to give Los Angeles city control.

LONG BEACH REGULARS THREATENING TO BOLT

LONG BEACH, Sept. 14.—When the Los Angeles County Republican convention assembled shortly before noon it was predicted that the regular Republicans would bolt if the convention refused to pass a resolution endorsing President Taft. A resolution prepared during the morning, contained a strong endorsement. According to the regulars' program, the resolution was to be presented by Oscar L. Horn of Los Angeles and seconded by F. G. Roberts of Long Beach and E. L. Brady of Los Angeles. Of the 800 delegates the Roosevelt claim 600.

The morning session was devoted to sessions of the credentials committee. Platform, credentials and resolutions committees were named. Russ Avery presided. The election of a new county central committee was deferred until late today.

During the summer the buildings have been renovated and put into shape for the year's work. Additions have been made to the faculty and the courses improved. The Republican convention decided to name a central committee as follows: Each assembly district name one committeeman, and five to be named by the chair. The country

tional Republican convention by the Republican voters of Orange county and of California and of nearly all the great Republican states of this nation is not only a protest against the prostitution of the Republican party by those who should have protected its honor and upheld its standards, and of the exploitation of the people by big business in alliance with corrupt political bosses; but is primarily and fundamentally a hearty endorsement of the policies and candidacies of those great humanitarian reformers and leaders, Theodore Roosevelt and Hiram W. Johnson; and

Whereas, Roosevelt and Johnson typify the highest standards of true Republicanism and good citizenship, and exemplify the loftiest patriotism and best statesmanship of the nation and the world; and

Whereas, The platform of the National Progressive party, on which Roosevelt and Johnson stand as candidates for President and Vice-President, respectively, embodies the highest and best principles and traditions of the Republican party—those principles and traditions which have made the party great and good in the past and will make great and good in the future its legitimate offspring, the Progressive party; now, therefore, be it

Resolved, That we heartily endorse and adopt the platform of the National Progressive party, and pledge to Theodore Roosevelt and Hiram W. Johnson, the standard bearers of said party, our hearty support and unswerving loyalty;

Resolved, That we commend to all Republicans and to all voters, especially first voters, a careful study of the life and works of Theodore Roosevelt, easily the first American citizen; that we especially endorse his great administration of the great office of President of the United States, and express our appreciation and gratitude for his public services at all times as educator, organizer, leader, statesman, patriot;

Resolved, That we endorse and commend in the highest degree the great administration of Hiram W. Johnson as governor of this great state; and we give him our sincere thanks for his unselfish and able leadership in the fight within the Republican party of this state for political freedom and civic righteousness;

Resolved, That we thoroughly believe in the Republican doctrine of a protective tariff which shall protect American industries and equalize conditions of competition between the United States and foreign countries, both for the farmer and the manufacturer, and which shall maintain for labor an adequate standard of living. To accomplish this end we pledge our candidates and organization to use all lawful means to secure an effective and adequate protective tariff upon the citrus and other productive industries of our country and state, so that those engaged in those industries, either directly or indirectly, may have protection for the capital and labor invested in said industries against ruinous foreign competition.

Mr. and Mrs. N. S. Long went to Los Angeles Wednesday to witness the great G.A.R. parade. Miss Louise Long and Miss Ethel Doherty came up from Balboa to meet them in the city. Missing each other, the girls found the Indiana regiment, to which Mr. Long belonged, and making some inquiries they enlisted the whole regiment in the search, were adopted as mascots and taken through the whole route of the parade, not finding their friends until it was all over and they went to the hotel for lunch. It is needless to say the girls enjoyed the fun.

Miss Utt is piano accompanist for the choir. The choir assembled at 7 o'clock and had the usual practice at her home, but instead of going away afterward they quietly went into the music room while she was called to a neighbor's house, and on her return, she found them still there and the fun started. Lady fingers, angel cake and ice cream were served. Those present were Mr. and Mrs. Tuttle, Mr. and Mrs. Greset, Misses Jessie, Carrie and Alice Matthews, Grace Hatfield, Nellie Place, Margaret Tingley, Lena Ebel, Alice Linnney, Bertha and Mattie Donham, Emma and Clara Thorpe, Mabel Logan, Dorothy and Gertrude Utt, and Roy Knight and Chas. Birthday Party

The birthday party at the Phinney home yesterday afternoon for Willett Phinney was enjoyed by fifteen boys. A great ball game, a "tug of war," some sleight of hand performances and other games were played. Mrs. Phinney had prepared a splendid picnic lunch for the boys, which they all enjoyed immensely. Mr. F. G. Currier and Rev. E. W. Blew were there to help in the entertainment of the boys.

Family Reunion

Dr. and Mrs. H. A. Forline were a happy pair last Wednesday night on the occasion of a family reunion. Their daughter, Mrs. M. L. Storrs, is visiting them for a few days, and their son, Dr. Hamilton Forline, came down from Redlands to spend the night. So the family were all together for the first time in years.

A few friends who happened there in the evening, had a treat in a musical way. Mrs. Storrs is a finished vocal teacher and singer, while Dr. Forline, Jr., has the piano under complete subjection and is always able to improvise beautiful accompaniments to any song called for. When they get together the place is usually filled with music and song.

Mrs. Storrs has just returned from a vacation in Portland, Ore., and will return to Bakersfield to conduct a class in vocal music. She has successfully handled many large classes of vocal students and her charming personality is no small help to her in the work.

W. C. T. U. Meeting

The W.C.T.U. held an interesting

meeting at the home of the president, Mrs. W. L. Shatto, with a goodly number in attendance. The meeting was opened with a song from the temperance hymnal. After roll call and pledge recited, Mrs. Vandermuellen in her usual helpful manner, led the devotions. Miss Alta Konyon then charmed the audience with her whistling selections, and she was tendered a rising vote of thanks for the special effort she had made to be at this meeting.

The report of the treasurer was then read showing a neat sum in the treasury. Mrs. Vandermuellen moved that some of this money be used to help some one else. A donation was ordered for the California Home for Women and Children, and the money pledged for the work also to be sent. The ladies planned to give one of their members who is in the Santa Ana Hospital a post-card shower.

It was decided to hold an open air institute on the lovely grounds of Mrs. Leck Sept. 26, and a committee was chosen for that purpose. Every union in the county will be given an invitation to this meeting.

The topic for the afternoon was then taken up, that of "Medical Temperance," led by Mrs. C. A. Miller, superintendent of that department. A number of papers were read and topics discussed. Some of them were: "Do Alcoholic Liquors Aid Digestion?" "Trained Nurses and Alcohol," "Safe Remedies in Illness," "Medical Temperance Quiz." These topics proved quite interesting and were thoroughly discussed. Many simple remedies that at home could be prepared or used were learned.

The meeting closed by singing, "There as the Streamlette," this being a very appropriate song as regards temperance.

Tustin Hotel Is Real Thing
The Tustin Hotel has recently been taken in charge by Geo. C. Sharp and will be run hereafter as a regular hotel and not merely a rooming house. It is understood that a general overhauling will be given the hotel, the house painted and the grounds improved.

School Begins Monday
The Tustin school building and grounds are in fine shape, the building having been thoroughly fumigated also a nice drinking fountain added. The grounds are beautifully cleaned and a new wood-shed and cozy barn arranged for the convenience of pupils coming in buggies or horse-back. Also a new fire escape. So all is ready for work.

The teachers for the year include: L. R. Langworthy, principal; Miss Hunter, vice principal; Miss Ethel L. Doerity, Miss Clara Enderly, Miss Lida E. Turner, Miss Edith Adams, Miss Olivia Doherty.

The new wholesale grocery store on East First street, called the Santa Ana Wholesale Grocery Co., opened for business this week. Some Tustin men as well as others in Santa Ana are interested in this business and it will be operated in the interests of both places.

Story of Volcano Eruption
Mrs. F. H. Spence is in receipt of a news-letter from Alaska giving a full and highly interesting account of the eruption of Mount Katmai, which occurred June 6 to 8, and how the dwellers at the mission on an island 80 miles away passed through the ordeal.

This island mission is only a short distance from the island on which Dr. and Mrs. Spence were located when in Alaska as missionaries.

The occurrence of this eruption was noted in the newspapers at the time and soon forgotten by the public at large, but with the total destruction of the town of Katmai, a rain of ashes over a radius of hundreds of miles, for three days, causing total darkness, these people are still feeling the effects of it in the loss of vegetation and pasture for stock, and the destruction of buildings which will be badly needed in winter in that cold country.

The missionary societies have become very much interested in these missions of Alaska and many persons would no doubt be glad to read this news-letter in Mrs. Spence's possession.

**Six Reasons Why You
Should Do Business
With This Bank**

1. Depositing your money in bank makes it absolutely safe from loss by robbers, fire or accident.

2. With a bank account you can pay your bills by check. The canceled check is a legal receipt for payment. You cannot be made to pay the bill twice.

3. A check book makes all your money available at any moment, and you are never bothered about making change.

4. The bank keeps your books. Every deposit and the amount of the checks you draw are carefully entered in your pass book by expert bookkeepers, so that you know where you stand at the end of the month.

5. Nearly every man needs to borrow money at some time. If you are well known at the bank, through your bank account, it is easy to get accommodation.

6. Every check you write is an advertisement of your good business habits and solid worth, which has the effect of raising you in the general esteem of your neighbors.

Any one of the above reasons is of itself sufficient to influence you to open a bank account. It will only take a short acquaintance with this bank, and the facilities it offers, to convince you that six reasons are only a few of many more why you should make it your financial home.

FIFTY-NINTH ANNUAL STATE FAIR BEGINS

Largest in Exhibits and Amusement—
25 Counties Show Products—Annex and
Tents Take Care of Overflow

SACRAMENTO, Sept. 14.—Today marked the opening of the Fifty-ninth Annual California State Fair and the First Annual California State Fair Round-up. The State Fair is probably the largest, from the standpoint of exhibits and amusement features, of any that has been held since the state began holding annual shows more than half a century ago. The round-up will be the first of an annual tournament for cowboys of California and adjoining states. It will be an open meet for feats of skill and bravery in handling cattle and horses.

Twenty-five counties have made exhibits, which is the largest number yet appearing. The county displays take up so much room that a temporary annex was made to the main pavilion in order to accommodate the exhibits. The industrial, agricultural and live stock exhibits have crowded every building so that when the fair opened today there were more tents on the grounds than there are to be seen at a big circus. The automobile show has been placed in the largest tent that could be secured on the Pacific coast, while a canvas formerly used for a three-ringed circus takes care of the horse show. A large number of exhibitors had to find room in tents, while others have displayed machinery and stock in the open.

The new sanitary milking barn and model creamery and dairy have made it possible to present the most comprehensive dairy show ever held in the state. In anticipation of the large attendance of dairymen, plans are being completed for the organization of a State Dairy Congress on Friday morning, September 20. The butter making and milking contests will be conducted by the authorities from the State University Farm at Davis.

The harness racing this year will consist of three races on four days of the fair and three events daily for the other three days.

The races will not be held tomorrow. Sunday. The entries show horses from Great Western and Grand Circuits and many from the Northwest and Canada. The purses aggregate \$30,000. There are four races for amateurs in which the owners will drive.

The amusement program opened with a parade of cowboys this morning and at 1:30 o'clock the racing started with events in the cowboy tournament between hosts of the races. The cowboy tournament or round-up includes four championships—bucking broncho riding, cutting out contest, team roping and steer wrestling or "bull-dogging." Aside from these the round-up program has daily chariot races, hippodrome races, maverick races and "bull-dogging" a steer from an automobile. In this event a cowboy jumps from an automobile onto a steer's horns and throws him to the ground.

In getting up the program for the round-up the fair directors have endeavored to bring out skillful as well as daring events, and the entire program has been approved by the local humane officers. This meets the objections raised on account of the alleged brutal treatment to cattle and horses during the Wild West show two years ago at the fair when the Cheyenne cowboys were here.

Today carries the title of Sacramento Day, Masonic Day and Commercial Travelers' Day. Hundreds of traveling men took part in the opening day. The Masonic organizations came from cities about San Francisco Bay with the Shriners' Band of Oakland which will compete in the band contest tomorrow. Sunday is known as Bay Cities Day and German Day when the Turn Verein Societies of the Pacific coast will conduct athletic exercises. The band contest will be held tomorrow and 400 musicians will unite in playing sacred music.

The opening of the three-day national trapshoot will be held tomorrow morning. Beginning at 8 o'clock Sunday, Monday and Tuesday mornings crack shotgun shots will participate in the meet for \$4000 in cash, cups and shotguns. The prizes have attracted the best amateur shots of the country and a number of professional marksmen will give exhibition work.

Monday is San Joaquin Valley Day and Marysville Day. Tuesday is Y. M. C. A. and Y. W. C. A. Day and Retail Merchants' Day, while on Wednesday the Knights of Pythias will have full charge of the amusement program. The members of the Pythian order will conduct a jousting tournament as in the days of old with knights clad in armor participating in tilting contests where they ride down the track spearing rings suspended from overhead wires, broadsword contests, mallet melees and chariot racing. In the evening the Knights will present a tableau from Banian's drama of Damon and Pythias.

Thursday will be Governor's Day, Children's Day, Placerville, Auburn and Oroville Day with the 49 Day celebration the principal attraction. Joaquin Miller, the "Poet of the Sierras," will participate in the revival of the old mining days and will ride in the historic Concord coach in which Horace Greely was driven by the late Hank Monk, an old-time stage driver.

Alameda County, the San Diego exposition and Chico Woodland will share the honors of Friday, while Saturday will be designated as Panama-Pacific Day and Stockton Day. The finals in the cowboy tournament will be held on the last day and in the evening a carnival will conclude the fair.

A horse show will be held on Monday, Tuesday, Friday and Saturday evenings of the fair in which the competitions for gaited horses, fancy jumpers and steeplechasers will be held.

GOLF CLUB PLANS FOR BUSY SEASON

Links Will be Put Into First Class Shape and Tournaments Arranged

A well attended meeting of the members of the Santiago Golf Club was held last night at Elks' Hall. There has been much interest aroused among the devotees of the game recently, and it was resolved to put the links and club house east of the city in the best possible condition. A committee was appointed to look after the work of going over the links, to put them in the best shape for play.

It is the intention to hold a number of tournaments during the coming winter, and attractive prizes will be offered.

John W. Tubbs, who has been the efficient secretary of the club for some time past, tendered his resignation last night and G. B. Shattuck of Tustin was elected to succeed him.

LOS ANGELES BUILDING COMPANY OPENS A BRANCH OFFICE HERE

One of the latest Los Angeles building companies to invade the local field, is the Standard Building and Investment Company, which recently opened an office here in the room occupied by the C. W. Sheats Realty Company, 315 North Main street. This company's particular claims to merit are based on two original features of its charter which makes it genuinely co-operative. Any person who buys stock of the Standard can apply it at any time to the purchase of any of the company's homes, at the same time receiving full benefit of any rise in the selling price of the stock, or any purchaser of a home from the company can, in case of ill fortune, or for any reason, if he so desires, exchange his cash equity for paid up stock in the company. These original features have attracted widespread attention and very favorable comment.

CAME TO INVESTIGATE DAUGHTER'S WEDDING

William V. Lanphai, a large landowner and capitalist of Sinaloa, Mexico, was here yesterday afternoon to look up the marriage of his daughter, Lupe, who was married at the court house Wednesday by Justice Landell to Fred C. Graf of Fort Worth, Texas. Mr. Lanphai said it was not exactly a runaway match, but that he had been opposed to the union. He wanted to learn the details of the wedding and see that everything had been carried through in proper shape. After an interview with the justice he expressed himself as satisfied.

Mr. Lanphai has a great mesquite plantation in Sinaloa, and is also interested in various other enterprises, being rated financially in the millions. He has a home in Los Angeles, where his family now resides. He is an American by birth, but went to Mexico many years ago.

FIRE IN SEAT GAVE AUTO DRIVER SCARE

Anaheim Plain Dealer: In jumping from the Sutorium delivery automobile Wednesday morning, Sam Newne sustained severe bruises about the back and neck when he landed in the roadway and turned a couple of somersaults backward. Newne was driving south of the S. P. depot on Los Angeles street when he noticed smoke and a little flame curling up from the cushion of the seat. His instant impression was that his gasoline had caught fire and not caring to participate in the effects of an explosion he left the car without further ado. The car went on its way a short distance before running into a fence and coming to a halt with a sprung axle and other slight damages. The fire was found to be in the cushion and is supposed to have resulted from a match being in some manner ignited on the seat.

CASCARETS CLEANSE LIVER AND BOWELS

No Headache, Bad Taste, Sour Stomach or Coated Tongue by Morning

It is more necessary that you keep your Bowels, Liver and Stomach clean, pure and fresh than it is to keep the sewers and drainage of a large city free from obstruction.

Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system the constipated waste matter and poison in the intestines and bowels.

No odds how badly and upset you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

AUTO FIRE TRUCK MADE SPLENDID RUN

Orange News: Rushing, as they believed, to extinguish a real fire, the Orange fire department last evening were given their first test in operating the new auto fire truck, and responded by making a splendid run to the point where the alarm was turned in. In doing so they demonstrated the wonderful improvement in the city's fire protection.

The fire alarm was turned in as a ruse to give the fire ladders a little taste of the real thing in hurrying to a fire and handling their equipment under the stress of excitement. The test showed that with the new truck, the firemen can be working on a blaze in a remarkably short space of time after the alarm is turned in. Last night a run of six blocks, including four turns, was made, the hose was connected and a stream of water was working, all in the space of nine minutes. The time would have been shortened but for a delay of several minutes at the fire house, caused by engine trouble.

FIRST NATIONAL BANK BUILDING, SANTA ANA

FELL FROM LADDER, ESCAPED WITH SPRAIN

While working on the alterations of the building occupied by A. H. Williams, the furniture man, on West Fourth street, O. J. Wirtz, a carpenter, was painfully injured this morning. Wirtz was standing on the top round of a ladder, engaged in placing a beam. The fastenings of the beam gave way and as Wirtz endeavored to regain his balance the ladder turned under him, precipitating him a distance of about twenty feet to the sidewalk.

Wirtz did not lose consciousness and attempted to rise, but could not do so. He was taken to his home at 514 East Fourteenth street where Dr. Wehrly attended him. His injuries were found to consist of a badly sprained ankle and various bruises. That no bones were broken in the fall is considered remarkable.

\$12,000 Sewer System For Olinda Oil Fields

As a result of the investigations made by Deputy Sheriff George Law, who was recently appointed to make a sanitary inspection of the entire county, the Santa Fe company has begun the construction of a \$12,000 sewer system on its Olinda oil lease.

Law found sanitary conditions at Olinda exceptionally bad, as regards a part of the settlement. Owing to the formation of the ground it is impossible for waste water to get away, and Law found many stagnant pools which were menaces to the health of the community. Cess-pools were found to be inadequate and many out-houses in very unsanitary condition.

The Santa Fe company was prompt to act. The superintendent told Mr. Law that the condition had been permitted to exist simply because it had not been properly called to his attention, and steps were at once taken to remedy it. The determination was reached that a sewer system was the solution, and plans were started at once.

It is understood to be the intention to construct a large reservoir on a level below the town, and into this the sewage will be run. It will then be put through some purifying process, after which it will be pumped back to the lease to be used in cooling the oil in process of handling. Water is a precious commodity in the oil fields, and in this way some return can be secured for the cost of the sewage system.

Mr. Law has found conditions through the oil fields exceptionally good with the exception noted and a part of the West Coast lease, west of Olinda. Here also, prompt steps have been taken to remedy the existing evils.

REVOLT OF GEORGIA

Georgia Kramer lives in the town whose most illustrious citizen is William Jennings Bryan. Her husband, Nicolas, is not so famous, but Georgia's suit for divorce, which she has just withdrawn on the promise of her husband to mend his ways, at least will give Nick unpleasant notoriety. Not that he is unusually vicious, immoral or brutal; his faults are of the lesser order, but they are none the less aggravating and unpardonable. Every woman of spirit, of refinement, who reads Georgia's bill of particulars, which she made him sign before consenting to give him another trial, will sympathize with her marital rebellion. She insisted:

1. On Sunday ablutions, clean linen and a clean shave.
2. Welcome her relatives when they called, assume a cheerful demeanor toward her parents.
3. Abate his grouches; desist from growling over trifles for which she is in nowise to blame.
4. Cut out profanity around the house.
5. Pay more attention to his finger nails.

Lucky man, is Nicolas. A wife who demands so little and yet which means so much to the spiritual and physical welfare of her spouse, is a woman in a thousand. She is of that Wordsworthian type—

To warn, to comfort and command. How long Georgia endured Nicolas' sour looks when her folks came to visit we have no means of knowing, but we'll wager a red apple she stood his grouches until the good woman's patience was thoroughly exhausted. His Sunday slouchiness to a true housewife was an abomination not to be lightly borne, and the unploughed, uncut finger nails proved the last straw. We are mentally gratified at their peremptory inclusion in her document of revolt. A gentlemanly forger, a generous scamp, a lovable loafer, might be tolerated, but an unbathed human with unclean nails is beyond pardon. We desire to commend Georgia Kramer for her spirited stand against the degeneration of Nicolas. Her example may encourage other sorely beset wives to take a similar drastic step, with perhaps, like results. The redemption of apparently hopeless husbands may yet be accomplished. Our profound obeisance to Georgia Kramer of Lincoln, Neb. May she never weary in well doing.—Pasadena News.

THE TRUTH BUT NOT THE WHOLE TRUTH

Anxious to make the people forget its fate and exploded sensation about the Napa State Hospital, the San Francisco Call, owned by John D. Spreckels, is daily publishing a new fake sensation about the San Francisco Harbor Commission.

The Call every day prints a long diatribe to the effect that the Harbor Commission has increased its payroll. This charge, carrying an awful load of infamy, is true. The Call forgets to state, however, that the Harbor

Commission is now doing by day labor the immense amount of work, amounting to several hundred thousand dollars that was formerly let out by contract to firms which were peculiarly friendly to a celebrated patriot named William F. Herrin. The Call also forgets to say that the Harbor Commission is carrying on the great improvements of the San Francisco harbor front for which the people of California voted \$9,000,000 in bonds.

The celebrated private investigator of the Call, who has to make an affidavit every time he writes a story, has again bungled the job. The Call made municipal control of the San Francisco harbor front an issue in the campaign preceding the election of September 3rd. It wanted to swat Governor Johnson and thought that this would be a popular issue in San Francisco. THE PEOPLE OF SAN FRANCISCO THEMSELVES VOTED 5 TO 1 TO LEAVE THE CONTROL OF THE HARBOR UNDER THE STATE ADMINISTRATION.

This vote of 5 to 1 against the proposition not only demonstrates the confidence which the people of San Francisco have in Governor Johnson's administration, but also demonstrates what the people think of the Call and its fake sensations.

The present harbor board raised the rentals at the Ferry building in San Francisco \$137,000 per year. The Southern Pacific was the hardest one hit and has ever since been trying to engineer a scheme to get control of the harbor front away from the people of the state.

The tax payers of ALL THE STATE are the ones who guaranteed the \$9,000,000 in bonds for the improvement of that harbor and did it because the harbor was under state control.

Washington, Sept. 12.—Camp stools instead of mahogany easy-chairs may be the official seats in the next Congress for forty odd new members of the House. Capitol attaches have discovered that there is no room on the House floor for more seats for the new members, when the House membership is increased from 393 to 435 members March 4, under the recent reapportionment.

That it is impossible to provide desk room on the floor for the new members is declared. Superintendent Elliott Woods of the Capitol building force is struggling with the problem, which promises to cause a torrent of criticism from newly-elected members.

At present the floor space of the House chamber is jammed with desks built solidly together. Rearrangement of the whole floor and aisles is necessary to provide space for the extra members. Because of the late adjournment of Congress last month, Superintendent Woods says it is a physical impossibility to rearrange the desks of the House chamber before Congress reconvenes December 3. It will be in continuous session thereafter until March 4. Then it is probable that an extra session will be immediately called, when the new members will assume office.

But some of the old members may be left to the "campstool" section, as seats are drawn out by lot by all representatives alike.

Committees Work Overtime
Although senators and representatives have almost all deserted Washington, a small army of committee clerks are working overtime here, preparing for the next session in December.

"Lummy" appropriation bills are in process of formation by the House appropriations committee. These are the "heavy" work of the short session of Congress now approaching.

Their preparation is a tedious, time-taking task. Chairman Fitzgerald (Dem. N. Y.) of the House committee declared he could not get out the work unless his clerks were kept here all summer getting things in shape for early submission to Congress before the Christmas holidays.

Several other committees, including the Clapp committee of the Senate investigating campaign contributions and the Penrose-Roosevelt-Archbold melée are also spending their vacations at their office desks.

Other committee employees are on the farm heat a great deal of talk about cutworms. "But why do you cut them?" He asked. "Why don't you sell 'em whole?"

THAT METHODIST BANQUET

First Event Re-Opening Week Brought Hundreds Together in Mutual Rejoicing

Methodists are famous for the world over for their love feasts and for more mundane feasts as well. They had both last night. The "feast of reason and the flow of soul" and the feast of "good things to eat" took place in the big spick and span, flower bedecked dining room of the remodeled edifice into which the members of the First Methodist church of Santa Ana have put much time, much money and much loving and earnest thought this summer. Four hundred people, all happy and for the while, all care-free, gathered about twenty-one tables. And on every table were great bouquets of massed red geraniums that glowed with glorious color and cheerfulness, and contrasting beautifully with these were trailing sprays of plumpous asparagus ferns. Geraniums and ferns twined and glowed again on the slender pillars of the room and in every other spot where their beauty would enhance the pleasant picture of cheer and radiant joyfulness that was reflected from the faces of those who sat about the tables which were loaded with gastronomic substantial and delicacies.

Think of four hundred people to feed and then think of what devoted laborers must have fallen to the capable women of the church who planned and carried out such a feast as they spread before their guests last night. The thin sliced ham; the appetizing roast beef; the salads; the jellies; the hot rolls and aromatic coffee; the home-made cake that fairly melted in the mouth; all of these told of true housewifely zeal expended on this first event of the gala week of the church. For service at the banquet the ladies enlisted the young men and women of the church societies as waiters and they deftly performed their duties. They were complimented on every side.

A program of music occupied the first interval after the banquet. Rev. H. E. Murkett, who acted as master of ceremonies, announcing the numbers. Prof. Francis J. Hayens, choir director of the church, gave two beautiful vocal selections, one of them a capella played his accompaniments. Prof. Hayens' singing is always acceptable, and he measured up to his usual standard last night. He was followed by two singers new to the general public, Mr. and Mrs. Albright, who very delightfully sang two duets, the audience demanding the second in an enthusiastic encore. During the earlier part of the banquet the Sunday school orchestra of young men and women under Prof. Hayens' direction rendered several stirring and well played numbers.

The Torosa Rebekah Tea yesterday afternoon at the home of Mrs. Chas. Ward at 1102 West Fourth street, was a decided success. It was well attended and the ladies bustled themselves with fancy work. Ten-year-old Master Lacy Sears entertained the company with piano music. Ice cream and cake were served, and a goodly sum was added to the treasury.

Birthday Dinner

Mrs. E. H. Prince very happily entertained last evening with a family dinner party. The affair was a complete surprise to Mr. Prince and all the more enjoyable for that reason. The dinner was served at 7 o'clock and was handsomely appointed. The beautiful china used was most artistically hand painted, the handwork of Mrs. Prince's daughter, Mrs. R. E. Williams. Covers were laid for Mr. and Mrs. Prince; Mr. and Mrs. R. E. Williams and son and daughter; Mr. and Mrs. Walter Prince and baby Kenneth; Miss Frances Condor, Elmer Prince, Janice Prince.

The evening following was spent happily, one of the interesting features being an athletic exhibition by Miss Condor who is taking physical training at Pomona College. Mrs. Williams rendered instrumental music on the piano and Miss Condor later sang vocal selections in the choruses of which the company joined.

They returned on the "Gramplan." The Misses Smith formerly lived in this city where they have many friends.

The Sunday School Lesson

As Taught at the Bible Institute of
Los Angeles by Rev. J. H. Sammis.

CONDEMNATION: GRATULA-
TION: INVITATION
Lesson XI, Matthew 11:20-30
September 15th.

I. CONDEMNATION.

1. "Then began He to upbraid," (1) "Then," not till He had done all and they had done nothing did He change from grace to judgment (Rom. 2:4). (2) "Upbraid," that is "chide," or "reprove," as much of tenderness in it as of severity. So He wept over Jerusalem (Lk. 13:34).
2. "Most of His mighty works." The miracles of Jesus were (1) messianic works, (2) mercy works, (3) works of power. Works that no other man could do, such as healing the sick, cleansing the leper, raising the dead, stilling a tempest, changing water to wine, multiplying loaves and fishes, and filling a net from the deep, all at a word, a will, or wish. He did many more such things than are recorded (Jno. 20:30, 31); and "most" of them in and around the cities of Galilee. (2) Mercy works. These miracles were all deeds of mercy and deliverance, showing the benevolence of the door and calling for grateful returns from the populace. (2) Messianic works. They were just such works as the prophets ascribed to the Christ, and taken with His character and teaching, positive proof of His Messianic authority. Nothing more could be done. After all their hearts were growing more and more contrary to Him. Their "hardness and impenitent heart treasured up wrath against the day of wrath," and Jesus warned them of it. It is the same, and more so, with the impenitent "Christian" lands and cities in which we live today.

3. "Woe unto thee, Chorazin, Bethsaida, Capernaum!" "If the things that have been done . . . had been done in Tyre, Sidon, . . . they would have repented." Heathen cities, notoriously wicked, all of them! The hardest hearts are among them that make a show of morality and godliness. Better chance today in Sodom than in Capernaum; in the sinner than in the synagogue.

4. "More tolerable in the judgment." Here Jesus speaks: (1) of coming judgment. Unbelief and impenitence in Christendom; paganism and oppression in Heathendom; the abominations of the flesh everywhere; Capernaum, Tyre, Sodom, shall not flourish forever, escaping the wrath of the holy and just One. (2) Of eternal judgment. The overthrow of Sodom is not the end of the story; it shall rise in the judgment (Lk. 11:32); death is not the end of sinners, for it is not the stones of Sodom and Sidon, but the souls that shall rise (Rev. 20:11-13); (3) Of degrees of judgment; it shall be "more tolerable" for some than others; judgment proportioned not to men's deeds but to their light; not by what they have done against God, but by what He has done among them. And think what light and grace are ours!

II. GRATULATION.

1. "At that time." (1) While these thoughts were in His mind Jesus expressed His satisfaction in the Father's ordination. (2) "Jesus answered." Perhaps some one asked, "Why, if Sodom would have repented, were not 'those mighty works' done there? Or, perhaps, the question rose in His own mind, for He, too, was human. His answer was (a) to refer the matter back to the Father, "Lord of heaven and earth," who "doeth according to His will in the army of heaven, and among the inhabitants of the earth; and none can stay His hand, or say unto Him, What dost thou?"

Thou?" (Dan. 4:35). (b) "I thank Thee that," etc. Having taught that foundation truth, that "man, whose breath is in his nostrils" (Isa. 2:22) should not reply against God (Rom. 9:20). He thanked the Sovereign Lord of heaven and earth that it is His disposition to have "respect unto the lowly; but the proud He knoweth afar off" (Psa. 138:6). Let Sodom, and Tyre, and Capernaum repent, convert, and humble themselves before God, and He will receive them; but shall we not be thankful that the wicked, the proud and haughty, and worldly-wise are not His favorites, but that little babes, whether in years or in spirit?

2. "All things are delivered unto Me of my Father." And are we not to be congratulated, we mortals, so helpless in the hands of almighty power, that Jesus, gentle and just, is "Lord of all"? What a good God He must be who gives all authority to the good Christ? And how wicked the Chorazins, Bethsaldas, and Capernaums of this world, to resist such grace and power!

III. INVITATION.

1. The tenderest text. The Psalmist said, "How sweet are thy words" (Psa. 119:103). But he had never heard, "Come unto Me, all ye that labor and are heavy laden." Jesus having given assurance that all power is given to Him in heaven and earth (Mat. 28:18) says, "Come rest on Me." (2) That "all things are delivered unto Him" (v. 27) says, "Come share with Me." (3) "Come all;" yet not all, but such as are worn out with doing, "ye that labor;" and such as are borne down with bearing, "ye heavy laden." As Adam subjected us to bearing and toiling (Gen. 3:16-19). Jesus will reverse the curse to all who come to Him. Sinners who will to bear the guilt of sin, and love to wear the yoke of Satan, are not invited, since they do not wish to come. What if God gives them up to wrath. Who is to blame? They can come if they long for rest and freedom. Whether God did as much for Sodom as for Sidon, He did enough for both to leave them without excuse (Rom. 1:18-25).

2. The gracious rest. (1) to conscience (Rom. 5:1); (2) from the law (Rom. 6:12); (3) from care (2 Pet. 5:7); (4) from fear of death (Heb. 2:14); (5) rest to the soul. This word means to the whole man and life.

3. The easy yoke. Jesus' yoke is easy. (1) Because padded with love (1 Cor. 5:14, 15), and our labors are labors of love (1 Thes. 1:3). (2) Because it is a delight to do His will (Psa. 49:8), since His will is now what we wish for His sake and also our own. (3) Because it works out our own salvation (Phil. 2:12). Alexander saw a soldier struggling along in the sun with a heavy bag of gold. "Whither, my man," he said, "are you dragging that load?" "To the treasury, sire," he answered. "Well, carry it clear through to your tent, for it is all your own," said the King. The hope in Christ makes light the yoke of Christ.

4. The lovely Teacher. "Learn of Me." See (1) His teaching (Eph. 4:20-24); (2) His example (Eph. 5:1, 2); (3) Our posture (Lk. 10:39).
5. The great find. "Ye shall find rest." (1) He gives rest. We take it by faith. To believe with all the heart should give great rest to the soul, even though we toil as hard, and bear as much as ever. Our confident expectation and cheerful hope should sustain us on the weary road "clear through to our tent." (2) We shall find rest. It will be a growing experience, and a final crown. Take it now.

The Men Who Succeed
as heads of large enterprises are men of great energy. Success, today, demands health. To all is to fail. It's utter folly for a man to endure a weak, run-down, half alive condition when Electric Bitters will put him right on his feet in short order. "Four bottles did me more real good than any other medicine I ever took," writes Chas. W. Allen, Sylvania, Ga. "After years of suffering with rheumatism, liver trouble, stomach disorders and deranged kidneys I am again, thanks to Electric Bitters, sound and well." Try them. Only 50 cents at all druggists.

Hill's Corner

of the Kansas Tin Shop would like to know why the cars that run on our streets (or are the streets owned by the electric railroad) do not run so as to accommodate the people who travel over the steam roads? Yesterday, on the arrival of two trains over the steam roads there were a goodly number of passengers who found it necessary to walk to town, the electric cars leaving after the trains stopped and the passengers were hurrying to take passage up town.

This condition is sufficiently exasperating for those who are used to it, but for the stranger who has to inquire the "ways and means" it provokes the breaking of several of the Commandments and gives the town a black eye.

We hire a man to tell all the world (at Los Angeles) that we have a good thing here and that we want to divide up with those who are hunting for a good place to live and when their train stops a half mile from town, they notice that the street car has just left and that they must walk or wait another half hour for a chance to ride that half mile.

"Why is this thus?" Echo answers WHY?

LOS ANGELES PRODUCE MARKET

Ranch eggs advanced another cent yesterday, despite the increase of 2 cents the day before. Receipts were very light, only 91 cases. The remaining staple products were steady; 18,346 pounds of butter and 475 pounds of cheese came in. Some Northern fresh cheese was offered at 15¢.

There is slight shortage of potatoes, which is expected to last only for a day or two. Sweet potatoes have been rather scarce, but are arriving in larger quantities. The shortage in this vegetable was caused by prices being too low to allow of profitable shipping to the market by the producers. The price has advanced about 1/2 cent a pound.

A quantity of rhubarb is on the market, and is quoted at \$1 a box. Flgs of various varieties are coming in very fast, and peaches are quite plentiful. Nectarines are practically cleaned out. Grapes are still very plentiful, and some very fine Muscats and Tokays have been received. Cantaloupes are quite scarce. The small melon is quoted at \$1 a crate. Large cantaloupes are bringing \$1.75 to \$2.25 a crate and are fairly plentiful. Watermelons are still on the market in large numbers. Berries are quite scarce.

Arrivals of potatoes were 350 sacks; beans, 34 sacks, and apples 361 boxes.

This is one of the finest properties in the San Joaquin Valley for subdivision. Reasonable terms can be had on this fine property. Price is \$35.00 per acre.

1000 acres close to Tulare, has been farmed to grain for many years, has a fine artesian well on it and it is a very choice piece of land. Surrounding lands selling as high as \$150.00 per acre in small pieces. This piece can be had for \$75.00 per acre on very good terms.

645 acres on Santa Fe railroad at depot in Tulare county. Can be had for \$40.00 per acre. \$5000 cash, balance on long time at 6 per cent. 480 acres, two and one-half miles from Pond station on Santa Fe. Can be had for \$35.00 per acre on terms.

The owner is too feeble to care for this land and will take good income property for it. Price \$51,000. Mortgage \$24,000. This walnut crop estimated for this year at \$5000.

I have many other pieces of land, large and small that might suit you. If you have a ranch of any kind or a piece of city property you wish to sell or exchange, I would be glad to list your property and do what I can to dispose of it for you. Call or address.

Are more certain profit makers than even Valencia oranges. They are less expensive to plant and care for, and the land costs less than good orange land. They are easier marketed, and have a longer marketing season, and an almost unlimited market here in Southern California.

We have the place where the very best RED APPLES grow, where the climate cannot be beaten, even in this country of good climate, where pleasant breezes blow all summer, with an altitude of 2500 to 3000 feet above the sea. There is no excessive heat, bright, crisp and bracing air is the rule.

LOS ANGELES PRODUCE MARKET

Ranch eggs advanced another cent yesterday, despite the increase of 2 cents the day before. Receipts were very light, only 91 cases. The remaining staple products were steady; 18,346 pounds of butter and 475 pounds of cheese came in. Some Northern fresh cheese was offered at 15¢.

There is slight shortage of potatoes, which is expected to last only for a day or two. Sweet potatoes have been rather scarce, but are arriving in larger quantities. The shortage in this vegetable was caused by prices being too low to allow of profitable shipping to the market by the producers. The price has advanced about 1/2 cent a pound.

A quantity of rhubarb is on the market, and is quoted at \$1 a box. Flgs of various varieties are coming in very fast, and peaches are quite plentiful. Nectarines are practically cleaned out. Grapes are still very plentiful, and some very fine Muscats and Tokays have been received. Cantaloupes are quite scarce. The small melon is quoted at \$1 a crate. Large cantaloupes are bringing \$1.75 to \$2.25 a crate and are fairly plentiful. Watermelons are still on the market in large numbers. Berries are quite scarce.

Arrivals of potatoes were 350 sacks; beans, 34 sacks, and apples 361 boxes.

CHARITY FOR CASH ONLY

U. S. Protective Association
Wants \$175 From County
For Protecting Animals

The "United States Protective Association," which recently got into somewhat bad odor in Orange county through overzealousness in the prosecution of cases of cruelty to animals, has filed with the county clerk claims to the amount of \$175 for fines imposed and collected in cruelty to animal cases and which, under the statutes, go to the organization prosecuting the case.

The association a few weeks ago filed a claim of the same character, and this was referred by the supervisors to the district attorney and the grand jury. The charge has been made that the organization exists for

the sole purpose of making a good thing out of the collection of fines, and it has incurred the ire of those associations which have worked quietly along the same lines for years, and have devoted all funds received to the work.

The last bunch of bills is for prosecutions in Fullerton, Anaheim and Orange. It will probably take the same course as the first batch.

POMONA IS CLAIMING
14,662 POPULATION

Claim Based on New Directory—Growth of 45 Per Cent Since the 1910 Census

POMONA, Sept. 14.—The population of Pomona is now 14,662. This figure was given out yesterday by T. M. Doyle, the veteran directory man, who is publishing the Pomona Valley Directory. It is as accurate as a Federal census, having been compiled after a thorough house-to-house canvass, which included every person in the city other than transients.

A growth of 45 per cent since 1910 is shown by the count, the population at that time having been 10,140. Since the publication of the last directory, a year ago, there has been a gain of 2382, or 19 per cent. Mr. Doyle estimates that the city will contain 25,000 persons, at least, by 1917, basing his figure on the present rate of growth.

SOCIAL CENTER WORK AT HAND

Los Angeles Equips and Finances Social Center and Night School—Opens Sept. 17

LOS ANGELES, Sept. 14.—The movement started early this year for the establishment of a social center at the Los Angeles High School has culminated in the appropriation of the necessary funds by the Board of Education for one of the best equipped night schools and social centers in this city.

Tuesday night, September 17, at 8 o'clock, will mark the opening of the social center activities. At the meeting then, to be held in the Assembly Hall of the High School, Mayor Alexander, Superintendent J. H. Francis and Dr. Dana Bartlett will speak.

It is proposed to have regular evening entertainments, consisting of moving pictures, stereopticon lectures, concerts, dramatics and socials.

The library and reading room, playground and gymnasium will be kept open afternoons and evenings and will be under the supervision of competent instructors.

One of the features of the social center work at the High School will be the organization of a Neighborhood Civic Club for the discussion of civic, social and political topics.

Enrollment for night school work will take place Wednesday evening, September 18, at 7 o'clock. The classes are offered for the benefit of those who work during the day. The classes will be open to adults as well as young folks.

Subjects offered at present are English, Spanish, Latin, mathematics, science, bookkeeping, shorthand, typewriting, cooking, sewing, history, civics, and citizenship.

If enough pupils are enrolled, classes will be formed in any subjects that may suit the pleasure of the students.

WARRING NATIONS TURN TO AMERICA

Italy and Turkey Would Welcome Offices of United States in Peace Negotiations

CHASSO, Switzerland, Sept. 14.—All the great European powers have exercised their good offices in trying to arrange an understanding between Italy and Turkey on a basis which could be made the foundation for official peace negotiation. Both Italy and Turkey, it is understood, however, have declared that they would welcome the good offices of the United States rather than those of any other nation, America being the only country which is entirely disinterested.

Exciting Adventure on Cliffs at Laguna Beach

Rev. L. H. Koepsel, Mrs. Koepsel and children, Miss Helen and Master Herman, have been spending a few days at Laguna Beach. The visit has been full of pleasure but also excitement. Going down the canyon and seeing the beauties of nature, narrow valleys, long slanting hillsides dotted with caves, cliffs and gorges fashioned by Earth's architect, such as man cannot produce, projecting points crowned with herbs or peak surmounted by the stately and elegant eucalyptus in ever-changing panorama was truly inspiring. They watched the incoming and outgoing tide, saw and heard the unceasing breakers dash themselves into spray on the sands or against perpendicular rocks. The ships passed each other in the distance as they plowed through the ocean's foam on their way from San Pedro to San Diego and back. The sea foliage was charming with many shapes and endless variety of color. Bivalves and univalves were gathered. The best was just beyond reach, a starfish about ten inches in diameter. The jelly-fish, over two feet in diameter, was handled. A huge breaker threw it upon a rocky beach. When done marveling at this low form of life, two other jelly-like fish attracted attention, one a brown, another a spotted specimen. Both looked like small horses which had lost their way home from the pasture and had been transformed into sea curiosities. Many were the climbings on narrow ledge of rock, in sea-caves to learn of the wonders of the ocean shore.

It was the thirteenth. Ominous? To the superstitious. After breakfast they essayed to get to a certain rock and one of the highest cliffs, walking alongshore. It was quite a distance. The rocks proved to be "Seal Rocks," the point was denominated "Bird's Point." Many and somewhat dangerous were the turns into the caves or projecting promontory. Several were impassable for Mrs. Koepsel and the children, but Mr. Koepsel braved the untrodden cliff-side. They were now at the foot of Bird's Point; had gotten there by holding on like lizards and spiders. The excitement was great, the scenery grand. Ocean, perpendicular rock, beating breakers, surging waters dashing at their feet; everything had a charm. It was impossible for further progress at the water's edge, it would be laborious to return. The spirit of adventure seemed to seize all of them. They thought a way could be found up the rocky cliff. It looked feasible. The character of the rock had changed. It was no longer purple and hard, but yellow and soft. At the base it seemed firm, the ascent was begun. The children, being in the lead, came to some rock which began to crumble.

Finally they could go no farther. If any way could be devised, it was far better to keep on going than to attempt to return. This was dangerous. Mr. Koepsel tore on some of the protruding ledge. He thought he discovered an easy way to the top. He boosted up the boy, girl, and his wife, and then climbed up to what all thought was the top of the cliff. Their surprise must be imagined. Words cannot express them. They were not on the top. They found themselves on a backbone, becoming ever steeper, twenty-five feet from the level ground and seventy-five

Katsu Katayama and Goichi Takedo, were to participate in the ceremonies. Japan will be the first foreign nation to select a site for an exposition building. It is understood that the Japanese government will spend \$1,000,000 on its exhibit.

JAPAN TO SELECT SITE FOR BUILDING
Review of U. S. Troops Will be Held in Honor of the First Nation to Act

SAN FRANCISCO, Sept. 14.—Plans for the ceremonies attending the selection of the site of the Japanese building at the Panama-Pacific International Exposition, held in absence of the funeral of Emperor Mutsuhito were to be reconsidered today.
